GAS

Chilton Co., Publishers, 1543 W. Olympic Blvd., Los Angeles, Calif. 90015

INDEX TO VOLUME 41

January-December 1967

AUTHORS

Allen, G. W.—Ultrasonic flow measurement .....June 44
Anderson, Robert C.—How Consumers Power Co. determines gas losses in damage cases .....Nov. 60
Atwood, John—Pulling in plastic mains at Houston Natural .....March 76
Beard, Chester S.—Valves for cryogenic service in the LNG field .....Jan. 62
Bobelis, Anthony A. and Samuel O. Schwartz—Brooklyn Union uses batteryless motor drives in remote telemetering transmitters .....Sept. 39
Boswell, Jerry—Buell G. Duncan nominated for AGA presidency .....Oct. 53
Boswell, Jerry—Newberry station moves new volumes of gas into California .....Nov. 52
Boswell, Jerry—Wyoming producing record gas well .....Sept. 55
Brown, A. E.—Ultrasonic flow measurement ....June 44
Deutsch, Irving—Investigation of fires and explosions
Part 3 .....Jan. 67
Part 4 .....Feb. 59
Eales, R. V.—John A. Carver, FPC's newest commissioner .....Jan. 53
Eales, R. V.—FPC's Solomon heads 80 legal experts .....June 58
Ebdon, J. Fred — Columbia Gulf Transmission Company .....Aug. 42
Ebdon, J. Fred—690 trillion cu ft of natural gas .Nov. 64
Ebdon, J. Fred—Three associations move ahead with future gas and requirements studies . . . Independent agencies to conduct probes .....April 65
Evans, H. J.—Experimental analysis of gas turbine meter performance .....Oct. 78
Goodrich, Baxter—Outspoken by silence .....May 82
Gram, Anker—LNG enters fourth stage of development .....June 41
Henry, L. R.—Gas balance computer program ..April 59
Herman, F. J.—Plastic pipe use in the Columbia System .....June 53
Himmelrich, J. E.—Low-cost corrosion protection April 70
Humphreys, Thomas G., Jr.—Pipe Horn, divining rod circa 1967 .....Oct. 74
Ingraham, Irving E.—Corrosion control in a gas distribution system .....March 64
Janssen, James S.—Concrete eliminates underground corrosion .....May 67
Jasek, A. W.—Mechanical displacement meter prover for gas meters .....Aug. 52
Kornfeld, Joseph A.—Europe and Energy
Part 1 .....Jan. 41
Part 2 .....April 78
Part 3 .....July 44
Part 4 .....Sept. 46
Kraemer, Paul—Mirror, mirror on the wall .....May 78
Lester, John E.—2-psig piping in high-rise apartments .....July 41
Linden, Henry R.—IGT: The Nationals No. 1 growth company. .....Dec. 66
Lippitt, Henry F.—Regulatory policy and promotional practices .....Oct. 59
Lippitt, Henry F.—Total energy concept to be tested by legal action in Nevada .....Feb. 72
McFall, John—A different yardstick for gas ....Sept. 60
Morris, R. E. and L. C. Tarlton—SDG&E tests versatility of LNG .....Feb. 49
Panos, Peter S.—Repair or Replace? .....July 53
Parker, Marshall E.—What is a corrosion engineer? .....Oct. 71
Parker, Marshall E.—What's so bad about HVDC? .....March 49
Peters, Walter G.—Gas safety by containment ..July 37
Petsinger, R. E.—LNG on the Move
Part 1. LNG over land .....Dec. 45
Phillips, Ralph E. Jr.—Natural gas absorption cooling earns a significant place in air conditioning design .....Aug. 74
Pierce, Jack W.—Plastic pipe, a gas industry progress report .....Jan. 54
Pofahl, K. W.—Routine plowing-in pays off for Gainesville Gas .....May 93
Price, David—Corrosion prevention: A job for all operating and maintenance people .....March 53
Rathke, A. P.—The importance of gas load forecasting .....Aug. 61
Ruskin, V. W.—How to forecast gas loads .....Feb. 54
Schwartz, Samuel O. and Anthony A. Bobelis—Brooklyn Union uses batteryless motor drives in remote telemetering transmitters .....Sept. 39
Scott, J. D.—Remote control system meets instantaneous demand changes .....Nov. 73
Snedden, Thomas—Meter usage and cathodic tests .....March 58
Sparks, C. R.—Experimental analysis of gas turbine meter performance .....Oct. 78
Sterrett, Elton—Columbia Gulf starts up largest jet-gas turbines .....Feb. 45
Sterrett, Elton—Floating foundations carry 25,300 hp .....June 37
Sterrett, Elton—Total energy scores twice on Gulf Coast .....April 87
Sterrett, Elton—Transco 'borrows' to maintain line throughput .....July 51
Tarlton, L. C., and R. E. Morris—SDG&E tests versatility of LNG .....Feb. 49
Tell, Don—Plastics pipe marks year of recognition .....March 71
Wimberly, John H.—Total marketing is the key to our future .....May 72
Zajac, E. C.—Meter reading costs too high? ....Nov. 45

DISTRIBUTION

At NI-Gas, microfilm eases chores of field operations .....Dec. 60
Bringing meter reading outside electronically ...July 66
Brooklyn Union uses batteryless motor drives in remote telemetering transmitters—by Samuel O. Schwartz and Anthony A. Bobelis .....Sept. 39
CG&E equips fleet with all solid-state radio ....Feb. 58
Concrete eliminates underground corrosion—by James S. Janssen .....May 67
Corrosion control in a gas distribution system—by Irving E. Ingraham .....March 64
Corrosion prevention: A job for all operating and maintenance people—by David Price .....March 53
Experimental analysis of gas turbine meter performance—by H. J. Evans and C. R. Sparks ..Oct. 78

Gas safety by containment—by Walter G. Peters .July 37
How APSCo. solved flood crisis .....Sept. 64
How Consumers Power Co. determines gas losses in damage cases—by Robert C. Anderson .....Nov. 60
How to forecast gas loads—by V. W. Ruskin ....Feb. 54
Importance of gas load forecasting, The—by A. P. Rathke .....Aug. 61
LNG on the move—by R. E. Petsinger
Part 1. LNG over land .....Dec. 52
Meter reading costs too high?—by E. C. Zajac ..Nov. 45
Meter usage and cathodic tests—by Thomas Snedden .....March 58
Pipe Horn, divining rod, circa 1967—by Thomas G. Humphreys, Jr. .....Oct. 74
Plastic pipe . . . A gas industry progress report—by Jack W. Pierce .....Jan. 54
Plastics pipe marks year of recognition—by Don Tell .....March 71
Plastic pipe use in the Columbia System—by F. J. Herman .....June 53
Pulling in plastic mains at Houston Natural—by John Atwood .....March 76
Routine plowing-in pays off for Gainesville Gas—by K. W. Pofahl .....May 93
Simple indicator checks cathodic protection ....March 69
Tri-company updates its telemetry-computer system .....April 75
What is a corrosion engineer?—by Marshall E. Parker .....Oct. 71
What's so bad about HVDC?—by Marshall E. Parker .....March 49

EDITORIAL COMMENT

Communications Corner—By F. Vinton Long

Communications and automation .....July 26
Information retrieval and human absorption .....Nov. 26, Dec. 22
Japanese solid-state electronics .....May 27
Keep an eye on these fur'n'ers .....April 25
New vocabulary for information processing, A ..Feb. 71
Over the hill (or more ado about black boxes) ..Oct. 25
Periscoping '67 .....Jan. 31
Store and forward .....June 68
Surveillance, data gathering, and control systems March 30
Transmission time, British terms, and other things .....Sept. 26
Wolf, sheep, or shepherd? .....Aug. 27

Corrosion Prevention—By Marshall E. Parker

Acceleration tests—a delusion? .....May 17
Don't just dig it—mine it! .....Dec. 15
Interpretation of Pipe inspections .....Aug. 15
Pipe inspection methods .....July 17
Pipe inspection methods—good and bad .....June 15
Plus and minus .....Feb. 20
Prescriptions .....Oct. 15
Sticks and stones .....Sept. 16
Test leads .....April 17
Tigers and Mosquitoes .....Nov. 16
Watch all six .....Jan. 15
You've got to see the target .....March 15

The Gassing Game—By Jim Clark

Are you listening, Mr. White? .....Jan. 21
Depletion's impact on gas consumers .....April 23
Explaining the news .....Sept. 23
Exploration for Truth, An .....Dec. 19
FPC has a sticky bee in its bonnet .....June 21
Intrastate itch hits Texas, Louisiana .....Nov. 21
Lesson in the East, A .....Aug. 20
Mr. Clark on Mr. Nader .....March 21
Nausea and Nader .....Oct. 20
Stockholders still own corporations, or don't get caught with your P/R down .....July 25
Thank you, Mr.? .....Feb. 25
Upping deliverabilities .....May 23

Measurement Man's Corner—By J. Fred Ebdon

Doodling with density .....Oct. 23
Energy marketing .....June 72
Exercise in integration, An .....Nov. 25, Dec. 24
Hitch-hiking turbo-meter helps build highways ..Sept. 25
Most stimulating communication, A .....March 25
Ode to authors, An .....Feb. 67
Ode to manometers, An .....April 107
Regulatory impacts on energy measurement .....Aug. 23
Simple matter of communications, A .....May 31
Some "thermal" history .....July 28
Ultrasonic flowmeter developments .....Jan. 28

Regulatory Trends

Divestiture with delay .....May 9
Energy aplenty .....Nov. 9
Freedom of information .....Dec. 9
Justice prevails .....March 9
Modern mythology .....Jan. 7
National gas survey .....Oct. 9
Promotional activities by utilities .....Sept. 13
Safety standards .....Aug. 9
Taxes and ratemaking .....June 9
Transportation of gas for compensation .....July 11
Underground storage for natural gas .....April 9

Technical Trends—By Guy Corfield

Battery powered automobile, The .....Jan. 12
Corrosion can help build gas turbines .....Sept. 8
Federal opinion on heat pumps, A .....April 14
Fuel oil desulfurization .....Oct. 12
Heat emission from electric lights .....May 14
Heating value of high purity methane gas, The ..Oct. 12
Helium not now so rare .....Feb. 16
Hot natural gas to produce shale oil .....June 12
How deep can oil and gas be found .....June 12
Inner space important to the gas company .....Nov. 14
New development enhances nuclear power prospects .....April 14
Non-stick utensils here to stay .....Jan. 12
Nuclear power plants expanding world-wide ....Sept. 8
Patent problems and peculiarities .....Feb. 16
Pipelines can carry almost anything .....June 12
Reducing nitrogen oxides in combustion products July 14
Think Tank .....Dec. 12
Wankle engine shows promise .....Dec. 12
Weather prediction and modification .....March 12
What government R&D is needed to meet future U.S. energy requirements? .....Aug. 12
What's happening in air pollution abatement ...May 14

Thermally Thinking—By J. Fred Ebdon

Bright new day through statesmanship, A .....March 4
Constructive Communications .....Oct. 4
Current history tends to support producers' position .....July 4
From safety to love to pot .....Dec. 4
Mulling immediate markets .....Feb. 4
Needed: A concept and an image .....May 4
Needed: Men to match "Wimberly's Mountain" ..April 4
Ode to reports and surveys .....Sept. 4
Potential gas plus a question .....Nov. 4
State eaters at lunch .....Aug. 4
Surveys and safety .....June 4
Youth wants to serve .....Jan. 2

Washington Hotline

January-May—By R. V. Eales

June-December—By D. G. Pennington

Air pollution control will move fast in '67 .....Jan. 17
Eighteen months ahead before area pricing ruling .....March 17
Few extra seconds for Mr. White, A .....March 17
From Freud to the shaving mug . . . and then to the Hill .....July 20
Gas search by nuclear blasts will grow .....Feb. 23
HO-hum orientation, A .....May 20
Kicking around energy for the future .....May 20
Merger bill has dual implications .....Sept. 21
Natural gas survey...what now? .....Dec. 16
Opportunities in Britain .....Feb. 23
Patching up the dagger holes .....April 20
Pipeline safety act dissected, The .....Oct. 16
President calls for action on pipeline safety legislation .....April 20
Shall we "reason together"? .....June 16
'Things will not be quite the same in the future' .Aug. 17
Truce threatened .....Nov. 18
Uncertainty for the President .....Jan. 17

GAS ENERGY SYSTEMS

Chicago has new G.E.S.-powered plant .....Jan. 72

L.A.'s tallest served by gas central plant .....Jan. 71
On-site gas system turns McAllen, Texas school into haven .....Nov. 51
School and hospital choose gas .....May 120
TARGET hopes to develop fuel cell powerplant into comfort package .....April 110
Total energy concept to be tested by legal action in Nevada—by Henry F. Lippitt .....Feb. 72
Total Energy scores twice on Gulf Coast—by Elton Sterrett .....April 87

GENERAL ARTICLES

Buell G. Duncan nominated for AGA presidency —by Jerry Boswell .....Oct. 53
Carver, John A., FPC's newest commissioner— by R. V. Eales .....Jan. 53
Columbia Gulf Transmission Company—by J. Fred Ebdon .....Aug. 42
Different yardstick for gas, A—by John McFall .Sept. 60
Europe and energy—by Joseph A. Kornfeld
Part 1 .....Jan. 41
Part 2 .....April 78
Part 3 .....July 44
Part 4 .....Sept. 46
FPC's Solomon heads 80 legal experts—by R. V. Eales .....June 58
Gas companies to add over $2.248 billion to plant in 1967 .....May 71
IGT: The gas industry's No. 1 growth company— By Henry R. Linden .....Dec. 66
Investigation of fires and explosions—by Irving Deutsch
Part 3 .....Jan. 67
Part 4 .....Feb. 59
Marketing is name of game at AGA convention ...Oct. 57

MANAGEMENT

Mirror, mirror on the wall—by Paul Kraemer ..May 78
Outspoken by silence—by Baxter Goodrich .....May 82
Regulatory Policy and Promotional Practices—by Henry F. Lippitt, 2nd .....Oct. 59
Repair or Replace?—by Peter S. Panos .....July 53
Second report of future natural gas requirements released .....Aug. 59
690 trillion cu ft of natural gas—by J. Fred Ebdon .....Nov. 64
Three associations move ahead with future gas and requirements studies . . . Independent agencies to conduct probes—by J. Fred Ebdon .April 65
Total marketing is the key to our future—by John H. Wimberly .....May 72
What is a corrosion engineer?—by Marshall E. Parker .....Oct. 71

NEWS DEVELOPMENTS

AGA reports continued industry growth .....Jan. 4
American Natural acquires Central Indiana Gas Co. .....Feb. 91
Big Memphis LNG plant makes first liquid .....Oct. 90
Boston Gas Co. joins cryogenic storage systems ..Oct. 92
Bridgeport Gas and New Haven Gas to merge ....Jan. 4
Colorado Interstate Gas Co. offers to buy El Paso unit .....June 64
Congress has broad gas system safety bill .....April 129
El Paso and government sign "Project Gasbuggy" contract .....March 83
FPC asked to authorize LNG shipments to Japan April 6
FPC authorizes first LNG international delivery June 82
FPC examiner recommends ceiling for southern Louisiana gas .....Feb. 92
Future looks bright for continued gas industry growth .....March 106
FPC nixes Red Snapper, greenlights Tennessee Gas' offshore pipeline .....Nov. 80
Final plans for Texas Eastern's $13 million LNG plant approved .....Feb. 69
Gaggle of parties apply to buy EPNG's Pacific Northwest system .....Oct. 88
GAMA and IAM in blend .....May 6
Gasbuggy to roll .....Jan. 4
Gas reserves advance; Production up in 1966 ...June 66
Hearings concluded on acquisition of stock control of interstate pipelines .....Nov. 80
Joint study of gas reserves and requirements announced .....March 6
Judge sets 38 days for trial in EPNG-PNW divestiture suit .....Nov. 78
Latest new LNG service by San Diego Gas & Electric, The .....Oct. 88
Million miles of pipe by 1980 AGA sees .....Feb. 91
Pipeline Safety bill passes .....Dec. 90
REA co-ops escape FPC touch .....Feb. 6
Revised gas pipeline safety bill mulled. .....Nov. 6
San Diego G&E scores another first .....Nov. 82
"Second Generation" LNG plant for Canadian utility .....Oct. 6
Supreme Court remands El Paso-Pacific Northwest .....April 6
Texas Eastern bids for 50% of Transwestern ....April 6

SALES, SERVICE, UTILIZATION

Device can heat and cool at the same time .....April 126
Gas air conditioning use tops 2¼ million ton mark Oct. 92
Gas cooks corn flakes for cattle .....Feb. 64
Natural gas absorption cooling earns a significant place in air conditioning design—by Ralph E. Phillips, Jr. .....Aug. 74
Prime mover use grows to 16 million hp .....Nov. 82
Target program to accelerate fuel cell research .March 6

TRANSMISSION, STORAGE, PRODUCTION

CIG's automated compressor stations pay off— GAS staff report .....Aug. 72
Canada now has first LNG plant .....April 119
Cold water repair of underwater pipeline .....June 50
Columbia Gulf starts up largest jet-gas turbines —by Elton Sterrett .....Feb. 45
Columbia Gulf Transmission Company — by J. Fred Ebdon .....Aug. 42
Corrosion prevention: A job for all operating and maintenance people—By David Price .....March 53
Experimental Analysis of Gas Turbine Meter Performance by H. J. Evans and C. R. Sparks .Oct. 78
Floating foundations carry 25,300 hp—by Elton Sterrett .....June 37
Gas Balance/Computer Program—by L. R. Henry .....April 59
Ice detector boosts turbine efficiency .....Dec. 64
LNG due in New England .....Feb. 81
LNG enters fourth stage of development—by Anker Gram .....June 41
LNG on the move—by R. E. Petsinger
Part 1. LNG over land .....Dec. 52
LNG travels overland—from California to Canada .....April 118
Low-cost corrosion protection—by J. E. Himmelrich .....April 70
Mechanical displacement meter prover for gas meters—by A. W. Jasek .....Aug. 52
Newberry station moves new volumes of gas into California—by Jerry Boswell .....Nov. 52
OPERATION PLOWSHARE
Exploratory drilling starts near first nuclear site
Part I .....April 92
Emplacement hole drilled for nuclear device to boost gas well deliverabilities
Part II .....Sept. 44
Project Rulison study shows vast potential value of nuclear stimulation
Part III .....Nov. 68
Remote control system meets instantaneous demand changes—by J. D. Scott .....Nov. 73
SDG&E tests versatility of LNG—by R. E. Morris, L. C. Tarlton .....Feb. 49
690 trillion cu ft of natural gas—by J. Fred Ebdon .....Nov. 64
Split casing method used on NGPL lines .....Nov. 56
Transco 'borrows' to maintain line throughput— by Elton Sterrett .....July 51
Transco's Operation Baybottom nears completion in New York Bay .....Nov. 75
Ultrasonic flow measurement—by A. E. Brown and G. W. Allen .....June 44
Valves for cryogenic service in the LNG field— by Chester S. Beard .....Jan. 62
Water treatment improves heat transfer .....July 62
What is a corrosion engineer?—by Marshall E. Parker .....Oct. 71
What's so bad about HVDC?—by Marshall E. Parker .....March 49
Wyoming producing record gas well—by Jerry Boswell .....Sept. 55
